

Customer Journey Map

Date	15 March 2026
Team ID	xxxxxx
Project Name	Opticrop : Smart Agricultural production optimization engine
Maximum Marks	2 Marks

Customer Journey Map

Map out the customer's experience stage-by-stage, capturing their actions, touchpoints, thoughts, and feelings, along with process ownership and improvement opportunities at each stage.

Phase of Journey	Stage 1	Stage 2	Stage 3
Actions <i>What does the customer do?</i>	• Creates an account • Registers the farm details • Enters crop and soil information	• Monitors soil moisture, weather, and crop data • Receives AI recommendations • Adjusts irrigation and fertilizer schedules	• Reviews crop performance reports • Applies suggested improvements • Plans the next cultivation cycle
Touchpoint <i>What part of the service do they interact with?</i>	• Mobile/Web Application • Registration Portal • Farm Setup Dashboard	• IoT Sensors • AI Dashboard • Notification System	• Analytics Dashboard • Performance Reports • Recommendation Module
Customer Thought <i>What is the customer thinking?</i>	• Is this system easy to use? • Will it improve my farming? • Can I trust the recommendations?	• Are the sensor readings accurate? • How can I increase my crop yield? • Am I using resources efficiently?	• Did my productivity improve? • Can I reduce farming costs further? • Should I continue using this system?

Customer Feeling <i>What is the customer feeling?</i>	Curious, Hopeful, Interested	Confident, Engaged, Informed	Satisfied, Successful, Motivated
Process Ownership <i>Who is in the lead on this?</i>	Project Team, System Administrator	AI Engine, IoT Monitoring System, Farmer	Farmer, AI Analytics Module, Project Team
Opportunities <i>How can we improve this stage?</i>	• Simple registration process • User tutorials • Local language support	• Real-time alerts • More accurate AI predictions • Better sensor integration	• Detailed analytics • Personalized recommendations • Seasonal crop planning support
